

PAUL CONTI *Wines*

Margaret River Sauvignon Blanc 2020

Sauvignon Blanc grown on our Miamup Road vineyard in the celebrated Wilyabrup Valley of Margaret River, has produced a crisp, fresh and aromatic style.

The fruit was entirely hand-harvested then entirely tank fermented with high solids content and extended lees contact which has resulted in a fuller, softer style,

This wine was entirely tank fermented using a cultured yeast with some solids left in the ferment.

Bottled young to retain freshness, the bouquet of gentle, lifted, herbaceous and floral characters complements a pure and elegant palate.

Although this wine is best enjoyed in its youth, it will develop well over time

Enjoy with barbecued seafoods and shellfish.

**TROPHY – BEST SAUVIGNON BLANC
LANGTON'S 2020 MARGARET RIVER WINE
SHOW**
